

SEPTEMBER 2020

The Transition Assistance Program (TAP) provides information and training to ensure Service members transitioning from active-duty are prepared for their next step in life. It is designed to provide Service members with the resources, tools, services and skill-building training needed to meet Career Readiness Standards (CRS). Virtual Tap (VTAP) provides the live training components from the Fleet and Family Support Center, Department of Labor and the Small Business Administration.

To receive a Certificate of Completion for each session, members must be logged into live classroom under their own LMS account and attend for the full length of the training. Some briefings are broken into multiple components and you must attend all components of training to fulfill Career Readiness Standards. Please see the descriptions on the LMS when you register.
